## RESERVE POLICY

### I. Introduction

The purpose of this policy is to set forth appropriate levels of financial reserves to mitigate current and future financial risks, such as revenue shortfalls or unanticipated expenses and short term cash shortages, and to set forth the purposes and procedures for and by which the reserve funds may be used for the payment of services or goods.

The Transbay Joint Powers Authority (TJPA) will create three reserves as follows:

1. **Emergency Reserve** is to be used in extraordinary events such as natural disasters or calamities, and unforeseen liabilities caused by Local, Regional, State and Federal legislative actions
2. **Fiscal Reserve** is to be used as working capital.
3. **Operating and Maintenance Reserve** is to ensure that sufficient operating and maintenance funds are available in the event of unanticipated revenue shortfalls and unavoidable expenditure needs.

All reserves will be funded from eligible revenue sources including but not limited to (1) gains on sale of real property, (2) interest and investment earnings, (3) lease income, and (4) other funds designated for reserve purposes.

### II. Objectives

The objective of the reserve policy is to help insulate the TJPA from fiscal crisis, provide a positive cash balance, enhance short term and long term financial health to help achieve the highest credit and bond ratings, and to promote long term financial stability by establishing clear and consistent reserve policy guidelines.

### III. General Standards & Delegation of Authority

- A. **Emergency Reserve:** The Emergency Reserve may be used in an emergency situation with the Board of Directors' approval. Emergency situations may include, but are not limited to, extraordinary events such as natural disasters or calamities, and unforeseen liabilities caused by Regional, State and Federal legislative actions. The Emergency Reserve shall be set at five hundred thousand dollars (\$500,000).

The Board of Directors must approve the release or addition of any amount from/to the Emergency Reserve. In the event that the Board of Directors' cannot convene in time to respond to an emergency situation, two of the four following TJPA positions may approve the use of the Emergency Reserve: 1) Chair of the Board, 2) Vice Chair of the Board, 3) Executive Director, 4) Chief Financial Officer.

- B. Fiscal Reserve:** There are often times when an agency experiences disparity between the availability of financial resources and when actual payments are due. The Fiscal Reserve may be used as a short-term cash resource for payment to vendors or contractors prior to the receipt of funds from funding partners. A commitment from the funding partners must be in place prior to the temporary "borrowing" of cash from this reserve. It is the goal of the TJPA to maintain a balance in the Fiscal Reserve equal to fifteen percent (15%) of the annual budgeted expenses not including Right of Way costs. This amount will approximate 60 days of working capital.

The Board of Directors must approve the release of any amount from the Fiscal Reserve or the addition to the Fiscal Reserve above 15%. The TJPA Chief Financial Officer and the TJPA Executive Director may authorize the temporary use of cash from the Fiscal Reserve for cash flow purposes.

- C. Operating and Maintenance Reserve:** The Operating and Maintenance Reserve is established to ensure that sufficient operating and maintenance funds are available in the event of unanticipated revenue shortfalls and unavoidable expenditure needs. The Board shall annually establish the Operating and Maintenance Reserve amount for the following fiscal year.

Expenditures from the Operating and Maintenance Reserve funds must meet at least one of the following criteria:

- Necessary for the safety or security of the public or the facility;
- Required by the Lease and Use Agreements with operators or other agreements or contracts entered into by the TJPA;
- Authorized under the annual Operating and Maintenance budget approved by the Board; or
- Other unforeseen circumstances wherein the use of the reserve funds is deemed necessary by the Executive Director, designee, or by the Board of Directors.

In addition to the expenditures described above, the TJPA may use funds in the Operating and Maintenance Reserve as working capital as described in section III B to fulfill contractual or other obligations. To the extent possible, the use of these funds as working capital should not result in the Operating and Maintenance Reserve balance dropping below two months of direct operating and maintenance

costs. The use of the Operating and Maintenance Reserve funds as working capital must be authorized by the Executive Director or designee.

#### **IV. Internal Controls**

In no case shall the implementation of this policy be inconsistent with the TJPA's procurement, budget, or internal accounting control policies. The TJPA Finance Coordinator shall assure that internal accounting controls are followed as required by Board Policy No. 007, "Internal Accounting Control Policy".

#### **V. Reporting Requirements**

The financial records of the TJPA will segregate the Fiscal Reserve, Emergency Reserve and O&M Reserve by recording activity in a separate account. The TJPA shall incorporate the budgeted and actual Reserve amounts into the quarterly financial reports submitted to the TJPA Board of Directors. The reports will include additions or approved releases of the Reserves and the period ending balances.

#### **VI. Reserve Policy Review**

TJPA's Reserve Policy shall be adopted by resolution of the TJPA Board of Directors. This policy shall be reviewed annually by TJPA Staff and Chief Financial Officer. Any modifications to this policy must be approved by resolution of the TJPA Board.
