

Transbay Transit Center

Demolition Update

10 DAY LOOK AHEAD: Transbay Demolition and Construction Activities

Friday, October 22, 2010 – Monday, November 1, 2010

THIS WEEK AT TRANSBAY...

WEEKEND WORK: The contractor will continue the demolition of the Fremont Street over crossing which will require the weekend closure of Fremont Street between Mission and Howard Streets from 7:00 AM on Saturday morning until 5:00 AM Monday morning.

Please Note: beginning Saturday, October 23, 2010, Natoma Street, between First and Fremont Streets, will be reduced to one single west bound lane. The contractor will work with neighboring tenants to accommodate all deliveries.

Weekend work will be conducted from 7:00 AM on Saturday morning until 1:00 AM Monday morning **with a moratorium on jack hammering and other excessive noise producing activities between the hours of 11:00 PM and 6:00 AM.**

WEEKDAY WORK: Weekday work between Monday, October 25, 2010, and Friday, October 29, 2010, will focus on the continued demolition of the East Terminal and shift to the demolition of the Main Terminal roof and upper walls adjacent to Natoma Street. The contractor will be employing double shifts and will be working 7:00 AM to 11:00 PM.

Weekday work at the Temporary Terminal between Monday, October 11, 2010, and Friday, October 15, 2010, will focus on trenching and grading activities, as well as foundation work. Delivery of remaining site palm trees is also expected.

STREET AND SIDEWALK CLOSURE: This weekend, Fremont Street, between Howard and Mission Streets will be closed due to demolition of the Terminal roof and upper walls at the Fremont over crossing from 7:00 AM on Saturday to 5:00 AM Monday morning.

WHAT TO EXPECT NEXT WEEKEND (10/30 – 10/31): Next weekend the contractor will work to complete the demolition of the Fremont Street over crossing which will require the weekend closure of Fremont Street. The contractor will work all three shifts, including 11:00 PM to 7:00 AM **with a moratorium on jack hammering and other excessive noise producing activities between the hours of 11:00 PM and 6:00 AM.**

COMMUNITY MEETINGS: Thank you to all of those who attended our community meetings on Wednesday, October 20, 2010. We appreciate your participation during these exciting times, and look forward to seeing you all again at our next community meeting in November.

NOTICE: The demolition of the Terminal has begun and, **in order to safely bring down the facility, the demolition contractor will be working, at a minimum, double shifts. It is highly likely that weekend and weekday 24-hour work will need to occur between now and November 14th.** The TJPA has instructed its demolition contractors to make every effort to minimize the impact to the community and to progress through this phase of work as quickly as possible. However, due to the nature of this portion of demolition, safety will require 24-hour work to be conducted regularly over the 21-day span. Although it is the TJPA's intention to maintain the moratorium, safety may require limited lifting of the noise restriction.

Should you have any general questions about the Transbay Transit Center Project, please call Courtney Lodato or Adam Alberti, Transbay Outreach Team, at: (415) 227-9700 or via e-mail at: info@transbaycenter.org.

If you have any urgent questions regarding site-specific demolition activities, please call our construction activity number: (415) 409-TJPA (8572).
