

Demolition and Construction Update

10 DAY LOOK AHEAD: Transbay Demolition and Construction Activities

Friday, July 29, 2011 – Sunday, August 7, 2011

THIS WEEK AT TRANSBAY...

Weekend Work (7/30/11 – 7/31/11):

Fremont Street: Underground sewer work will occur at the intersection of Fremont and Natoma Streets on Saturday, July 30 and Sunday, July 31 from 7:00 AM to 5:00 PM. Lanes will be reduced along Fremont Street to accommodate this work.

Beale Street: Lane restrictions will be in effect on Beale Street between Mission and Howard Streets on Saturday, July 30 from 7:00 AM to 5:00 PM. Excavation work will be performed on the east side of Beale Street. Pedestrians will be diverted into a temporary sidewalk during this work.

Cement Deep Soil Mixing (CDSM) shoring wall installation activities will continue at the east transit center site, Saturday, July 30 from 8:00 AM to 7:00 PM between Beale and Fremont Streets.

Weekday Work (8/1/11 – 8/5/11):

Overnight Shift - Work between the hours of 11:00 PM and 07:00 AM. There are no planned activities next week.

Evening Shift - Work between the hours of 7:00 PM and 11:00 PM. Excess soil generated during the day from the Cement Deep Soil Mixing (CDSM) wall will be loaded into trucks for removal to an offsite location until 12:00 AM midnight.

Day Shift - All contractors will work between the hours of 7:00 AM and 7:00 PM. **Activities will include:**

Trenching:

Trenching work will continue on both Minna Street between Second and First Street and on Natoma Street between Fremont and First Street - Day Shift.

Shoring & Excavation Prep:

Cement Deep Soil Mixing (CDSM) shoring wall installation activities will continue in the east transit center site, while preparation activities will continue in the central and west transit center sites - Day Shift.

Demolition:

Demolition and Construction Update

Natoma Street: Demolition clean-up work will continue along Natoma Street and in the lot between Howard and Natoma Streets - Day Shift.

Howard Street: Demolition work will continue on selected buildings along Howard Street between First and Second Street - Day Shift.

Underground utilities/ trenching work:

Beale Street (from Mission to Howard Street): Underground trenching and utilities work - Day Shift.

Mission Street (Beale Street intersection): Underground trenching and utilities work - Day Shift.

Fremont Street (from Mission to Howard Street): Underground trenching and utilities work - Day Shift.

Natoma Street (near Second Street) : Underground trenching and utilities work - Day Shift.

Detours, Street and Sidewalk Closures:

The following streets will be temporarily impacted due to project activities. So you can plan ahead please review the affected streets below:

Natoma Street: Only local access will be allowed on Natoma Street between First and Second Streets. There will be a partial street closure and parking prohibition in effect near Second Street from 7:00 AM to 5:00 PM.

Natoma Street (between Fremont and First Street) - All vehicle access to Natoma Street must use First Street. There will be an SFPD officer or flagger on site to direct access.

Minna Street: Only local access will be allowed on Minna Street between First and Second Streets from 7:00 AM to 5:00 PM. An SFPD officer or flagger will be on site to direct access.

Beale Street: Lane restrictions will be in effect on Beale Street between Mission and Howard Streets from 9:00 AM to 3:00 PM. The east sidewalk of Beale Street between Mission and Howard Streets will be temporarily closed from Monday, August 1 until mid week. Pedestrians must use the west side. A temporary sidewalk is provided in the parking lane on the east side of Beale Street. The Beale Street east sidewalk will reopen mid week, at which time the west sidewalk of Beale Street between Mission and Howard Streets will then be closed.
